

Job Posting

Broadband Project Manager

CNMEC is searching for a qualified Broadband Project Manager to join our organization. CNMEC offers competitive wages and an excellent benefits package. CNMEC pays 100% of the premium costs for medical/dental/vision for employee coverage; company paid life insurance and LTD benefits, a generous paid time off program, as well as a 401(k) retirement plan with company match.

Location: Moriarty, NM

Job Summary:

The Project Manager will assist with managing CNMEC's Broadband market expansion efforts. In addition to day-to-day project management duties, experience in managing fiber network builds is a must. The Project Manager will oversee project-level activities for all products for a given geographic territory, including but not limited to managing activities for installations of cable and fiber network expansion. This position will partner cross-functionally to ensure assigned projects are completed on-time and within budget. The Project Manager serves as liaison between the customer and the project team.

Minimum Qualifications:

A Bachelor's degree or equivalent work experience required. Project Manager Certification preferred. Previous Project Management experience with 5+ years' experience in the telecommunications/fiber optic industry preferred. Must have knowledge and understanding of inside/outside plant fiber optic network infrastructures. Requires demonstrated abilities and skills operating a personal computer using Microsoft Windows and Microsoft Office Suite applications to include Outlook, Excel, and Word.

Possession of a valid New Mexico Driver's License and satisfactory driving record as a condition of initial and continued employment.

To Apply: Send resumes with a letter of interest to Suzy Edmonds at suzy.edmonds@cnmec.org or PO Box 669, Moriarty, NM 87035.
