

# INTERNET + PHONE = SAVINGS

Start saving with Wi-Power Digital Phone Service. Wi-Power Digital Phone offers **UNLIMITED** local and domestic long distance calls for one low price! For additional savings, bundle **PHONE + INTERNET** for less than \$60\* per month.

## What is Digital Phone Service?

Digital Phone Service, also known as VoIP (Voice Over Internet Protocol), uses your high-speed Internet connection to make and receive phone calls.

## How it Works

Using your existing broadband connection, Wi-Power transfers your voice over the Internet, instead of traditional telephone lines. Installation is quick and easy.

To use Wi-Power Digital Phone Service, you only need:

- A touch-tone phone
- High-speed Internet access
- Digital phone adapter

**Call Today!**  
**1-855-233-5741**

## Standard Calling Features Include:

- Call Waiting
- Caller ID Block
- Call Return
- Voicemail
- Message Waiting Indicator
- Call Forwarding
- Caller ID
- Redial
- Voicemail to E-mail
